● SURVEY SAYS...

Learning Preferences

63% of Youth Desire Parental Guidance

>50% of Upper Classmen Indicate Preferences for Classroom Settings

Surprisingly, <25% Express Interest in Learning Via Interactive Games and Apps. This Interest Drops with Age.

About One Third Across All Ages Would Like to Have Local Experts Come Speak in School

Subject Matters of Interest

Managing Money Without Wasting It

Saving for Long Term Expenses (College, Housing...)

Choosing a Career that Earns a Good Salary

Costs and Potential Challenges When They Move Out

● MAKE A DIFFERENCE

Mentors/teachers can help ensure that kids have the skills to make financial decisions now and in the future, but talking about money with kids can be hard! Here are 3 resources to help you start the conversation:

- \$ www.themint.org/index.html - Provides individualized information tabs for kids, teens, parents, and teachers.
- \$ www.daveramsey.com/tools - Dave Ramsey Foundation programs for elementary, middle school, and high school ages.
- \$ 4 Hendricks County High schools offer the “Personal Financial Responsibility” course. Talk to youth to ensure they are aware of offerings in their school system.

This flyer was produced by the Financial Awareness for Youth Team of Leadership Hendricks County Class of 2018.

Members include: Sue Cox, Jessica Elston, Jeremy Enz, Amanda Fulwider, Dimitri Kondas, Brad Kuhn, Tanya Shelburne, and Scott Singleton.
